

The screenshot shows an Eclipse IDE console window. The title bar includes a tab labeled "Console" with a close button. The console output displays the following text:

```
<terminated> TCPC [Java Application] /snap/eclipse/101/plugins/org.eclipse.justj.open  
Enter the filename  
Tcp  
Hello World
```

The screenshot shows an Eclipse IDE console window. The title bar includes a tab labeled "Console" with a close button. The console output displays the following text:

```
TCPS [Java Application] /snap/eclipse/101/plugins/org.eclipse.justj.openjdk.hotspot.jr  
Server ready for connection  
Connection is successful and waiting for chatting
```
